How the Contractor Categorization and Grading process is determine:

The contractor categorization and grading process is determined by the following factors: Best Annual Turnover, Largest Contract and Available Capital.

- **Best Annual Turnover** as determined by the best turnover over a period of (3) three years.
- Largest Contract is determined by the largest contract undertaken and completed for **Projects done** in your class of construction works (completed during the (3) three years immediately preceding the application).
- Available Capital is the sum of total equity and retained income or any form of surety from recognised financial institutions over a period of (3) three years.
- Your grading will be used by project owners to qualify your tender to be considered for a particular construction works contract. For example, if you are registered as a grade **B2**, you will be considered for general building works of a value to a maximum of E25 million.

Determining Grading Criterion

There shall be an annual grading of all construction firms as follows:

Weighted averages are given to the grading factors of Best Annual Turnover -10, Largest Contract -70 and Available Capital -20

The formula for the categorization and grading criterion will be calculated as the 'point allocated to the relevant graded factor multiplied by the weighted average'. The totals acquired by multiplying the point allocated to the relevant graded factor with the weighted average of each graded factor will then be added together to acquire the determining score rating.

Illustration A – Classification of categories to score rating (Building Works Contractors)

Determining	Grade	Maximum Tender Value Range (E)
Score Rating		
501 - 600	B1	No Limit
401 - 500	B2	25 000 000

NB – Points range from 1 – 4 and zero (0) is allocated where there is no figure in a relevant grading factor.

*NB 1: The determining amounts for grading are derived as a percentage (%) of the upper limit of the tender value range. The percentages determined as follows;

- **Best Annual Turnover** is calculated as 50% of the upper limit of the tender Value Range. e.g. B1 upper limit range is E120 000 000 then the best annual turnover is =/< E60 000 000.
- **Largest Contract** is calculated as 20% of the upper limit of the tender value range e.g. B1 Upper limit range is 120 000 000 then the largest contract is =/< E24 000 000.
- **Available Capital** is calculated as 10% of the upper limit of the tender value range e.g. B1 upper limit tender value range is 120 000 000 then the largest available Capital is =/< E12 000 000.

*NB 2: A complete set of financial statements and balance sheet is required for grading categorise B3 to B5; C3 to C5; E3; and M3 accompanied by stamped business bank statements for the period in question for verification of turnover as stated in the financial statements (not compulsory for audited financial statements). Audited financial statements will be required for the higher categories B1, B2; C1, C2; E1, E2; M1, M2.

*NB 3: Surety from Financial Institutions showing the amount that the contractor may qualify for, that will form part of available capital.

The specific requirements that a contractor needs to satisfy in respect of the grading and categorization process are as follows:

- *NB 1: Important notes when submitting track record:
